~ 72 HOUR CURRICULUM ~
~ LEARNED OVER WEEKS,
MONTHS AND/OR YEARS ~

This Thought-Seeding statement is prompting people of every nation to lobby all levels of their local, state and national governments, to enable the 72 hour curriculum of Permaculture learning to be integrated into all youth, refugee and asylum seeking detention centres. Also in correctional services facilities, refugee camps and Tent Cities for the Homeless.

Further, the 72 hours of Permaculture learning, now more than ever, needs to be included in all schools, colleges and universities and all other institutes of education.

This vital information can be learned over weeks, months and/or years. Anyone can begin learning from now, by browsing through the thousands of pages of picture stories and videos on <https://permaculturenews.org> or just Google: Permaculture stories!

Efficient food and medicine gardens can be established as productive learning and growing centres in home and school yards, community gardens, detention centres and jails. Within a decade, increasing numbers of abundant food-forests and eco-villages will be growing in every country.

This will enable everyone to participate in earth repair actions for a sustainable and abundant future for everybody.

Permaculture shows how to co-operate with all of Earth's elements, species, climates and peoples, enabling everyone to live lives filled with absolute sustainable abundance in harmony with the Sun, the earth/soil, the wind and the rain.
