

**A Biblical prophecy says:
'Nations will not learn war any more'.**

Let this be the time for people everywhere to help make this prophecy actual and factual to help keep war out of our future.

By transitioning from wasteful annual global military budgets of over \$2 Trillion dollars (that's 2 thousand billion dollars a year) to invest into funding the achievable solutions in the Charter, and as adoption of the **Earth Repair Charter Global Solution Strategy** self-perpetuates, there will be an abundance of funding available.

The transition will include engaging key personnel, resources and expertise from all national military service sectors, to implement **Global Earth Repair projects in co-operation with all the world's people, communities and nations to help solve our planet's environmental and social crisis.**

~ GLOBAL EARTH REPAIR PROJECTS ~

1. The 1st Global Earth Repair Conference (GERC) was held in the USA in May 2019; Fund GERC's in every nation ASAP;
2. Assist to restore eco-systems on lands, seas, lakes and rivers;
3. Compost all available bio-degradable materials to create massive volumes of humus-rich soil and breed increasing numbers of EarthWorms at the same time. This will help replenish and revitalise the Earth's depleted top-soils;
4. Manufacture increasing numbers of hygienic, aerobic, no-dig, conical shaped composting bins from recycled plastics for every home yard! Then, all bio-degradable resources can be used to restore degraded lands;
5. Provide safe clean water for all by creating large-scale solar and renewable-energy powered, desalination plants and water pumping stations in strategic locations throughout the world, then piping the purified water to arid areas; this will enable garden food-forests to be growing in increasing abundance to end hunger and unemployment;
6. Cultivate the learning of permaculture ethics and principles in every school towards ending hunger & under employment;
7. Establish an international food and tree growing race instead of an arms race, to help solve Earth's climate crisis;
8. Adopt organic permaculture farming principles in the growing of all food crops including hemp for fibre;
9. Make compost from treated sewage, to help grow trees; *"Planting and helping grow increasing quantities of appropriate trees, is the scientific solution to Earth's environmental dilemma."* Dr Richard St Barbe Baker, Founder 'Children of the Green Earth';

11. Protect in perpetuity, all remaining high conservation value native forests to conserve all vital bio-diversity;
12. Accelerate appropriate mixed-species plantation forestry;
13. Provide free universal education and health-care for all people;
14. Fund the International Rights of Nature movement so all sentient beings can be respected to live and die peacefully;
15. Adopt the wisdom of Hippocrates who taught "Let your food be your medicine, and your medicine be your food";
16. Motivate all to acquire good health & immunity efficiency;
17. End malnutrition and starvation by healthy practices;
18. Disarm nuclear weapons and ban all weapons of mass-destruction including bio weapons; eradicate all land mines;
19. Implement a Universal & International Bill of Human Rights;
20. Recognise Sovereignty Treaty Rights for all Indigenous First Nations Peoples by giving back a fair share of their traditional and sacred lands, and ensuring their full representation in all United Nations Forums;
21. End homelessness world-wide by helping provide sustainable shelter for all;
22. Use only 'new-clean' renewable energy systems based on the 'World's Best Practices';
23. Replace 'opposition party' politics with 'collaboration party' politics in all governments;
24. Provide free family planning and birthing and parenting advice for a stable growth in our world's population;
25. Ending racial and religious tensions by recognising our one humanity and Earth as the common home for all people, we, all sovereign citizens of the infinite universe;
26. Stopping further global warming, climate change, ozone depletion and mass extinction;
27. Replace single use plastics with non-polluting alternatives;
28. Build suitable air craft to effectively water bomb out-of-control forest fires using military air forces of every nation;
29. End self-harm and suicide by encouraging effective social inter-connectedness;
30. Solve concerns about the safety of chem-trails, fluoridated water, geo-engineering, 5G, and mandatory vaccinations;
31. Recognise the equality of genders and sentient species;
32. Establish a Ministry or Department for Peace in every nation to administer the end of domestic and all violence;
